

Flight Instructor

FI(A) or FI(A) rp

on a freelance basis

We are looking for freelance flight instructors for part time flight and theory training. We are happy to get day- or week-wise support for our training activities. The training will be mainly conducted on Cessna 150, Cessna 172 and MS 894A.

ALB Aviation SRL is a little DTO in the western part of Romania, close to the boarder to Hungary. We are approved for PPL(A), LAPL(A) and ST(A) training but we are also looking to extend our training activities.

Based on a small grass airfield the training takes place in a family like atmosphere. We host also ultralights and gliders on our airfield, that forms a quite nice group of pilots with a lot of fun also beside flying.

Interested? Don't hesitate to contact us!

Requirements:

- FI(A) or FI(A)rp with SE SP
- valid SEP classrating
- valid medical class 2
- ICAO English level 4

For application send us an e-mail with the following attachments:

- copy of licence
- copy of medical
- CV with focus on flying activities
- other certificates that could be of our interest

Applications can be addressed to

ALB Aviation SRL
